Odd Semester

Paper Title: WORK WITH INDIVIDUALS AND FAMILIES

Credit pattern: L:T:P::2:1:0  Total Credits: 3

INTRODUCTION

This course aims to develop simple to complex skills of working with individuals and families in various situations like crisis, preventive, facilitative and developmental.

OBJECTIVES

a. Understand casework as a method of social work, and appreciate its place in social work practice.

b. Understand the values and principles of working with individuals and families.

c. Develop the ability to critically analyze problems of individuals and families and factors affecting them.

d. Enhance understanding of the basic concepts, tools and techniques in working with individuals and families, in problem-solving and in developmental work.

e. Develop appropriate skills and attitudes to work with individuals and families.

Course Content

UNIT I

Social case work: Definitions, scope, historical development - Influence of psychoanalysis on casework - Introduction of casework as a method of social work - Concepts of adjustment and maladjustment - Philosophical assumptions and casework values.

Principles of casework: Individualization, acceptance, non-judgmental attitude, participation, relationship, effective communication of feeling, client self-determination, and confidentiality.

Components of social casework: The person, the problem, the place and the process. Process in casework: Study, assessment, intervention, evaluation, follow-up, and termination.

UNIT II

Types of problems faced by Individuals and families; individual differences and needs - Family assessment in casework practice.

Theories and approaches: Psycho-social approach, Functional approach, Problem-solving approach, Crisis Theory, Family intervention, Behavioural modification, Transactional analysis, Client Centered Approach and Holistic approach.

UNIT III

Tools for Help: Case work tools: Interview, home visit, observation, listening,
communication skills, rapport building.

Techniques of casework: Supportive, resource enhancement and counseling.

Self as a professional: Professional self - Conflicts and dilemmas in working with individuals and families.

UNIT IV

Application of Method: Primary and secondary settings - Application of methods in family, women, and child welfare settings, marriage counselling centres, schools settings, medical and psychiatric settings, correctional institutions and industry.

REFERENCES

INTRODUCTION:
This course aims at developing the understanding of Group Work as a method, developing skills for intervention, and gaining knowledge of the scope of this method in various settings.

OBJECTIVES:

a. To develop awareness about the specific characteristics of Group Work and its contributions as a method of social work intervention,

b. To gain knowledge about group formation and the use of a variety of group approaches.

c. To develop understanding of concepts, dynamics and small group theory in relation to all types of groups, e.g. family, staff, committee, long-term client groups.

d. To identify the various situations and settings where the method could be used in the context of social realities of the country.

UNIT I

Type of Groups: Types and approaches based on objectives and purpose – Type of Membership – Time -Duration

Values and Principles in group work and Characteristics of Group formation: Values in social group work- Principles in group work - Assumptions underlying social group work - Factors of group formation - Formulation of goals - Identification of problems for work.

UNIT II
Group Processes and Group Dynamics: Importance of group processes - Typical patterns - Processes in different type of groups - Worker's skills in identifying and understanding processes.

Pre-group and Initial Phase: Planning model - Characteristics of pre group phase - Group structures Facilitation skills and role of worker in pre-group and initial phase.

Bond, sub-groups, role. Leadership - Isolation - Decision making - Conflict –
Communication - Relationships.

UNIT III

- Middle Phase and Use of Program: Characteristics of middle phase - Group structures - Group dynamics - Facilitation skills - Role of group workers - Comparison across phases - Concept and principles - Program planning - Skills in program planning - Models and Approaches of group work

Facilitation: Knowledge of skills and techniques for effective work with groups/problem solving.

UNIT IV

Recordings in Group work: Importance of recording in social group work - Principles of recording - Recording structure - Types of recording.

Evaluation in Groups and Termination Phase: Importance of evaluation - Types of evaluation - Methods of evaluation - Need for termination - Types of termination - Characteristics of termination phase - Worker's skills.

INTRODUCTION

Community organization / development, as a method of social work practice, is seen as a means to facilitate communities towards self-directed change. It takes as its basis the inequalities in society manifested through processes of marginalization, Discrimination or disempowerment of groups, which have resulted in the loss of control over resources, be they tangible or intangible. The strategies of Community Organization practice being addressed as part of the course cover a range spanning different ideologies, from those being people-initiated, and those that are initiated by the elite. Community organization is seen as a means as well as an end, where Collective processes are to sustain the community's capacity to bring about change.

OBJECTIVES:

a. Understand the critical elements of community organization practice.

b. Enhance critical understanding of the models and strategies for community Organization practice.

c. Make the micro-macro connections between the ranges of complex issues in Practice.

d. Develop attitudes conducive to participatory activities for civil society.

Course Content

UNIT I

Community: Concept, characteristics, types and functions.

Community organization practice: Definition of community organization. Values and principles of Community Organizations. Ethics of community organization practice.

Understanding Human Rights in community organization practice.

Historical development of community organization practice.

Gender and Empowerment: Gender sensitive community organization practice
UNIT II
Models and Strategies of Community Organization - Locality Development Model - Social Planning Model - Social Action Model
Select methods of public interest: Mobilization, litigation, protests and demonstrations, Dealing with authorities
Public Relations, Planning, Monitoring and Evaluation - Roles in different models attributes and attitude.

UNIT III
Community Organization as a Method: Relevance of community organization as a Method across different spheres of social work intervention and relook at own attitudes.
Skills of Community Organization Practitioner: Participatory approaches - Problem analysis, resource mobilization, conflict resolution, organizing meetings, writing and documentation, networking, training.
Role of community organizer: Organizer, enabler, motivator, counselor…
Fund raising and its techniques.

UNIT IV
Strategy and Roles: Unionization as a strategy – Advocacy in community organization.
Current debates in Community Organization Practice: Emerging issues - Impact of Macro policies. NGO working with Community.

Odd semester

Title: SOCIAL WORK PRACTICUM - I

Credit pattern: L:T:P::0:0:3  Total Credits: 3

Orientation provides information regarding.

i. The importance and place of the practicum in the educational programme.

ii. The purpose, functions and ethics in professional practice.

In the first four weeks, the learners may make a local directory to include emergency numbers of Hospitals/ PHCs/ Police/ Panchayath Office and Network Agencies along with references to other developmental and welfare services in the location.

Visits - provide an exposure to and understanding of the services provided in responses to people's needs. (Agencies in health setting, education, community, institutional services, criminal justice system, civic administration, rehabilitation etc.)

Structured experience laboratory - is a classroom activity, which provides opportunities through the games/activities, to form the involvement of self in various practice skills. These laboratory experiences are designed in small groups to encourage participation, sharing of the experience and aid in examining learning and applications of skills. These sessions have a specific objective of experiencing self, and applying /using self in practice. (Relationship skills, Communication skills etc., will be focused)

Concurrent practice learning of two-days a week - on going learning of practice is an opportunity to develop intervention skills in reality situations. This entails learning social work practice for two, or two and a half days or its equivalent, each week of the semester.

The learners may be placed in agencies or in communities to initiate and participate in direct service delivery. Practice learning is a vital component of the educational opportunity to be provided to the learner. The teaching-learning process must be designed to help the learner to move on the mastering strategies, skills and techniques to practice social work.
Paper Title: MANAGEMENT OF DEVELOPMENTAL AND WELFARE SERVICES

Credit pattern: L:T:P::2:1:0 Total Credits: 3

INTRODUCTION

The course aims to develop management competencies to function in organizations, participate as a team member and understand the role of a social work programmes manager.

OBJECTIVES

a. Understand the overall environment and its impact on the nature, structure and development of organizations in corporate, public and voluntary sectors in the context of social work profession.

b. Understand policies and procedures involved in establishing and maintaining human service organizations.

c. Acquire skills to network and participate in the management of resources – human, material and environmental.

d. Develop skills to participate in management of programmes, as a part of the inter-disciplinary team and initiate as well as develop new programmes.

e. Develop ability to analyze the practices applied in specific settings

Course Content

UNIT I

Social Services: Social service, Social security, social development and social welfare – concept- Need for welfare and developmental organisations, Factors determining social welfare programmes, Development and Welfare organizations” response to societal needs; role of state, voluntary and corporate sector.

Management services: Types of settings, organizational characteristics like origin, nature, size, structure, and design, organizational climate and impact of socio-political environment -
Management process: Vision, Planning, Organizing, Directing, Staffing, Coordination, Reporting, Budgeting.

Establishment: Registration, different types of legislations, legal status, constitution, rules and procedure, goals - Financial resources: Organizational Budget, Sources of finance, Fund Raising, Records, Audit.

UNIT II

Physical: All activities related to acquiring, hiring and maintaining importable structure and infrastructure, maintenance of premises and daily upkeep.

Enhancing the involvement and the potential of people in organization's executive boards, committees; professionals and other staff-relationship, communication, team work, and facilitating team building, supervision, and participation in training.

UNIT III

Programme Development: Programme management: long term, short term, and Documentation.

Project proposals based on felt-needs, nature of resources, eligibility criteria, records, evaluation and research.

Impact analysis - Qualitative and quantitative.

UNIT IV

Public Relations: Public relations need and its promotion by all in the organisation. Representing the organization, networking, public, corporate and voluntary sector, resource building, accountability, transparency, use of media for publicity.

Change and its Management: Understand and manage change, innovation in a rapidly changing social environment: for policy programmes and structure.

Organizational understanding: Conflict, conflict resolution, creating positive climate.

INTRODUCTION

This course is to equip learners to utilize, and conduct research as service managers to improve services, evaluate, and develop new services and intervention methods: strategies and techniques and also, be an effective consumer of other researches.

OBJECTIVES

a. To develop an understanding of scientific approach to human inquiry in comparison to the native or common sense approach in various aspects, and its process.

b. To understand major research strategies, meaning, scope and importance of social work research.

c. To develop an ability to see the linkages between practice, research, theory and their role in enriching one another.

d. To develop ability to conceptualize, formulate and conduct simple research projects/exercises (This would include a broad range of basic research skills such as conceptualization of a research strategy and problem; writing a research proposal; developing tools for collecting data; use of sampling, strategies; data collection, processing, presentation, analysis and interpretation; and writing research report etc).

e. To make informed assessment and judicious use of research studies and findings.

f. To develop skills for use of library and documentation services for research.

Course Content

UNIT I

Science - Meaning and assumptions, scientific approach in comparison to the native or common sense approach.

Scientific attitude; Scientific method; application of scientific method for the study of social phenomena.

Research: Definition and objectives, Social Work Research: Meaning, objectives, functions and limitations; Scope of social work research in India; Agencies sponsoring and conducting social work research, ethics in research.

Problem identification: Criteria for the selection of research problem; Problem formulation.

Concepts, constructs, variables, conceptual and operational definitions. Hypothesis: Meaning,
importance, uses and requirements.

UNIT II

Design of research: Definition and importance; types of research design; exploratory, descriptive, experimental, evaluative design, participatory research and action research.

Source and Types of Data: Primary and secondary, objective and subjective, qualitative and quantitative.

Sampling: Sample and population: Rationale and Characteristics of sampling; methods of sampling, general considerations in the determination of sample size.

Methods of collection of primary data:

Observation: Structured and unstructured; participant and non-participant. Questionnaire, interview schedule and interview guide. Pilot study and Pre-testing.

Scales: Need for scales, some prominent scaling procedures.

Case study: Meaning, uses, steps.

Secondary data: Official data, personal documents, problem in the use of secondary data

UNIT III

Processing of data: Content, editing, coding data classification, manual and mechanical tabulation of data; frequency distribution, diagrammatic and graphic presentation - use of computers.

Issues related to Social Work Research: Interpretation of data, research reporting: contents of research report: foot-note, references, bibliography, preparation of abstract; the art of making book review.

UNIT IV

Statistics: Definition, functions and importance Measures of Central Tendency; Measures of Dispersion.

Chi-square, Correlation Coefficient, ‘t’ distribution; Analysis of Variance and ‘F’ distribution.

SPSS package.

Title: SOCIAL WORK PRACTICUM - II:

Credit pattern: L:T:P::0:0:3  Total Credits: 3

SOCIAL WORK CAMP:

Rural/ Tribal camps with a duration of 10 days - provide opportunities to experience rural life, analyze rural dynamics, and observe the functioning of local self government and voluntary organisations. This experience aids peer participation in planning for activities for own group and those for local people. It also helps develop skills to carry out, evaluate, and report the experience.

SUMMER PLACEMENT:

Summer Placement - provides an opportunity to experience day-to-day work in a setting. The learner gets involved with direct practice with the client system and with the ongoing management operations of the setting. The time frame recommended for this experience is about three weeks, after the first year of the post-graduate programme. The learner may use the same setting for data collection of Term project.

The student has to execute a term project during the summer placement and is expected to select a theme relevant to current social issues in consultation with the supervisor and make an exhaustive survey of literature on the chosen theme including empirical studies made on the same.

Further, the student shall also collect the experiences or opinions of people on the issues and make a detailed presentation.

Flexibility is accorded in planning and executing the term project. Creative and analytical approaches are to be carried out.
Title: SOCIAL WORK PRACTICUM - III

Credit pattern: L:T:P::0:0:3
Total Credits: 3

Concurrent practice learning of two-days a week - on going learning of practice is an opportunity to develop intervention skills in reality situations. This entails learning social work practice for two, or two and a half days or its equivalent, each week of the semester. The learners may be placed in agencies or in communities to initiate and participate in direct service delivery. Practice learning is a vital component of the educational opportunity to be provided to the learner. The teaching-learning process must be designed to help the learner to move on the mastering strategies, skills and techniques to practice social work.

Paper title: COMMUNICATION AND COUNSELING

Credit pattern: L:T:P::2:1:0
Total Credits: 3

INTRODUCTION

This paper relates the relevance of components of communication and counseling in social work practice.

OBJECTIVES

a. Understand the meaning and importance of communication in day-to-day life.

b. Focus on interpersonal communication of interviewing and allied aspects.

c. Develop holistic understanding of counseling as a tool for help.

d. Acquire knowledge of various approaches: their theoretical under-pinnings for goals, values, processes and techniques,

e. Develop skills of application to real life situations.

UNIT I

Communication: Meaning and importance of communication.

Process of communication: Key elements in the communication process - Communication, message, audience; channel of communication. Verbal and non-verbal communication.

Basics of Communication.

Education and communication for national development.

Interpersonal communication: Interviewing - Objectives, principles of interviewing; listening, qualities of effective communicator.
Seminars, conferences, lectures, group discussion, panel discussion, symposium, workshop, role playing, simulation exercises, written communication, report writing, letter writing, article/essay writing, games, brain storming, street play, field work exposure.

**UNIT II**

Visual aids in communication: Poster making, use of notice boards, flip charts, charts, flash cards, photographs, pamphlets, slide shows.

Mass Communication: Television, exhibition, newspapers and magazines, advertisements, radio, film, VCD/ DVD, e-mail, internet.

Impact of mass communication on society, family, marriage and child development. Communication Analysis and Planning: Planning and executing a communication campaign on an issue using various methods of communication.

**UNIT III**

Counseling: Definition, nature and goals, areas of counseling; Historical background and origins of counseling, ethical nature of counseling, qualities of an effective counselor.

Counseling Situations: Developmental, preventive, facilitative, and crisis.

Counseling and Psychotherapy - Skills in counseling - Establishing the relationship.

Process of Counseling.

Approaches to Counseling: Approaches; Theoretical base, thrust, goals, key concepts, techniques - Approaches like person-centered, rational-emotive, behavioral approaches, gestalt, existential approaches, Egan’s three stage model, eclectic model.

**UNIT IV**

Couple and Family Counseling: Issues in such counseling, its process and stages.

Crisis Counseling, Group Counseling: Counseling for groups - Process, advantages and disadvantages of group counseling.

Practice of counseling in family counseling centers, family courts, counseling bureau. Premarital and marital counseling, vocational counseling centers, mental health centres, child guidance clinics, correctional institutions, deaddiction and rehabilitation centres, educational institutions.

Paper Title: GANDHIAN APPROACH TO WELFARE AND DEVELOPMENT

Credit pattern: L:T:P::2:1:0

Total Credits: 3

INTRODUCTION

The course aims at sensitizing the learner to the Gandhian approach and to utilize some of the skills in practice.

OBJECTIVES

a. Develop an understanding of Gandhi’s concept of society and his approach to social transformation.

b. Develop knowledge of the specific programmes formulated by Gandhi for rural reconstruction and the development of the weaker sections of society, with the focus on strategies and skills.

c. Develop the ability to identify similarities and differences between the Gandhian and professional social work approaches to social change, welfare and development.

Course Content

Unit I

Gandhian thought: Salient features of Gandhian thought; Gandhian values; Concepts and methods; Concept of a healthy society; Sarvodaya.

Unit II

Gandhian Approach: Economic and its organization: Ownership of property; Concept of trusteeship, distribution and economic equality; System of production, problems of mechanization, decentralization of production, rural-urban relationship

Unit III

Social Organisation: Marriage and family, position of women, social stratification, caste and untouchability, education and its role; Basic education.

Unit IV

Constructive programmes: Contents training of constructive workers, skills involved, nature of programmes; Boodan, Gramdan.

Gandhian and Vinbobha’s movements with special reference to Bhoodan and
Gramdan

Gandhian and Professional Social Work Approach: Similarities and differences between Gandhian and professional approach to social development and welfare

INTRODUCTION
The course aims at enhancing personal and professional effectiveness by developing a continuous awareness and deeper insight into one's being. It encourages value clarification, upholding of professional ethics, and ability to make effective choices for integration. It provides opportunities to understand stress, stressors and methods to handle stress experienced.

OBJECTIVES
a. Understand self as a being, as one in the process of becoming and experience self-awareness.
b. Examine own values and attitudes and explore choices made to express self in own environment.
d. Understand and uphold professional values and ethics.

Course Content:
UNIT I
Self and Self Awareness: Understand self through a cognitive construct/paradigm (two/three models from among those available may be offered as workshops). Suggested approaches are: Rational Emotive Therapy, Gestalt Approach, Transactional Analysis, Reality Therapy, Yoga for Therapy, Meditation Techniques.

Explore self as being, and understand the process of becoming. (through observation)

Practice consciously measures to sustain and experience continuous awareness. Observation and Reflection: Theory and techniques.

Communication Choices: Communication mode and patterns and effectiveness, Interpersonal communication, nature of choices made.
UNIT II
Emotions and their Expression: Emotions, nature of expression.
Understand own pattern of communication, choices made to express emotions, modes used, examine need for change.
Communication: Informal and knowledge and skills of rapid reading, writing, creative writing, report writing and public speaking.

UNIT III
Creativity and Self: Understand brain functions: Creativity, need and development
Life Style: Conscious life style - enhanced life skills: Communication, decision making, empathy, critical thinking, use of time and money, building and sustaining bonds-relational, collegial and personal.
Self defeating behaviour - nature and impact. Choices for change.

UNIT IV
Values, Attitude and Professional Ethics: Values and attitudes - their role in life, Value conflict - its impact, value clarification.
Integration: Through Eastern and Western approaches experience the processes of integration. Approaches recommended are: Yoga as a science, meditation (tool for meditation - own choice).
Stress / Burn out - Self help Methods: Stress, Stressors, nature and impact of stress, its expression, and burnout.
Spirituality and Growth.

INTRODUCTION
The content has two aspects to it. Population dynamics and its relatedness to the environment, natural resources, utilization and their preservation.

OBJECTIVES:
   a. Understand characteristics, determinants of population growth.
   b. Examine population policy, plan and initiatives.
   c. Understand inter-relatedness of human life, living organisms and environment.
   d. Examine utilization and management of resources.
   e. Develop skills to participate in activities related to the two areas.

Course Content

UNIT I

UNIT II
Family Planning: Objectives, scope, methods, implementation, mechanisms and progress.
Concept and Scope of Population education, family life education, sex education, and family planning education.

UNIT III
Natural Resources and Diversity: Utilisation and management – Forest, land, water, air, energy sources - Pollution - Sources, treatment, prevention - Soil, water, air, noise - Waste matter - disposal, recycling, renewal, problems, issues - Programmes for forest, land and water management.
UNIT IV

Environment Protection Laws and Role of Social Worker: Acts related to environmental protection – Forest conservation- Water pollution – Standards and tolerance levels – Unplanned urbanization- Environmental movements in India - Role of NGOs in Environmental issues – Government agencies in environmental protection – Social work initiatives at different levels.

Paper Title: HUMAN RESOURCE MANAGEMENT

Credit pattern: L:T:P::2:1:0

Total Credits: 3

INTRODUCTION

The main objective of this course is to prepare young graduates for management and administrative positions in various industrial, business, governmental/non-governmental organisations and service sector organisations.

OBJECTIVES

a. Develop managerial skills in different functional areas of management with practical focus on HRM.

b. Develop the competence to evolve the problem-solving approaches by applying conceptual and behavioural skills.

c. Develop interpersonal skills/ competence and leadership qualities to work in a group with team building approach.

d. Develop sound theoretical base in various concepts and theories to enable the student to develop a broad perspective of the management field.

e. Distinguish the strategic approach to Human Resources from the traditional functional approach.

f. Understand the relationship of HR strategy with overall corporate strategy.

Course Content

UNIT I

Human Resource Management: Concept, scope, philosophy and objectives; Evolution; Approaches, Structure and Functions; Line and staff relations of HRM; HRM Model. Hierarchy, formal and informal structure, Organogram, reporting structure.

Human Resource Planning: Concept and objectives; Human resource inventory; Human resource planning process; job analysis; job description; job specification; job design; career planning and career paths; job rotation.

UNIT II

Talent Acquisition: Goals; polices, sources and methods. Selection: Concept, process. Talent
Acquisition Tests, Theories and issues in psychological testing, Intelligence testing – theoretical background, Aptitude Testing, Personality Assessment, MBTI. Placement, Induction and socializing the new employee. Talent retention: Concept, importance and methods.

UNIT III
Compensation Management: Factors influencing compensation plans and policies; Job evaluation - Fixation of salary, components of salary. Pay for performance – Incentive Schemes, principles and types, Employee Stock Option Plan, compensation survey / review

UNIT IV
Strategic Human Resource Management (SHRM): Business strategy and organizational capability, SHRM: aligning HR with Corporate strategy, Strategic HR planning and Development, Change Management and restructuring and SHRM, Corporate Social Responsibility (CSR), Corporate Ethics, Values and SHRM, Competencies of HR professional in a SHRM scenario.

Paper Title: SOCIAL WORK WITH TRIBAL AND RURAL COMMUNITIES.

Credit pattern: L:T:P::2:1:0

INTRODUCTION

This course aims at introducing the learner the programmes of tribal and rural development, and the importance of social work practice with tribal and rural communities.

OBJECTIVES

a. Develop an understanding of tribal and rural communities.

b. Understand the characteristics and problems of tribal and rural communities.

c. Acquire knowledge about the contribution of Governmental and Non-governmental Organisations to tribal and rural development.

d. Develop an understanding of the functions of Panchayath Raj Institutions with particular reference to Karnataka.

e. Gain knowledge about the application of social work in tribal and rural development programmes.
Course Content

UNIT I

Tribes in India and their ecological distribution.

Characteristics of Tribal Society - Economic, Social, Political and Cultural.

Problems of Tribal Life.

UNIT II

Government Programmes since Independence and their Impact on Tribal Societies

Programmes of Voluntary Agencies and their Impact on Tribal Societies.

Analysis and Assessment of Tribal Community Problems - Special Problems of the Tribals in a particular area.

UNIT III

Rural Society and Poverty - Historical perspective - Dynamics in the village Society: Caste/class relationships - Control and Power, Conflict and Integration.

Poverty in the rural context - Its nature and manifestations.

Analysis of Basic Problems - Issues faced by the rural poor such as Indebtedness, Bonded labor, Low wages, Unemployment, Underemployment, and other forms of exploitations.

UNIT IV

Current Rural Development Programmes in India:

Council for the Advancement of People’s Action and Rural Technology (CAPART) and other Rural Development.

Poverty alleviation programmes.

Panchayath Raj System in Karnataka and its role in rural and tribal development.

Role of social worker in tribal and rural development programme.

INTRODUCTION
The course aims to provide an understanding of human behavior at work so that the learner may acquire the skills required to analyze problems and develop a problem-solving approach.

OBJECTIVES:

a. To impart knowledge about individual, group and organizational dynamics and their consequences,

b. To make clear the concepts and approaches that help in developing models or systems that support human ingenuity.

c. To acquaint the students with the knowledge of theories and practices that govern human behavior at work,

d. To help the learner understand the value and worth of human resources in an organization.

e. To enable the students to become aware of their communication skills and sensitize them to their potential to become successful managers.

f. To gain self-confidence and healthy self-respect while retaining respect for other’s rights.

g. To understand the application of Transactional Analysis in several areas of employee management.

Course content

UNIT I

Introduction to Enneagram, personality types according to Enneagram. Emotional Intelligence; Attitude, Values, Personality; Job satisfaction, Employee Morale: Meaning, influences and outcomes - Measuring job satisfaction.

Assertiveness Training: Benefits of assertiveness – components of assertive behavior, measuring assertiveness, handling fear, handling anger, handling
depression, developing assertive behavior skills, assertiveness on the job, assertiveness in interpersonal relations.

**UNIT II**

Transactional Analysis (TA), TA and self awareness, Winners and Losers, Structural analysis, Life positions, transactions, games and strokes, Life scripts, TA applications in motivation, Leadership and Teamwork, TA in counseling.

Motivation: Concept and theories, techniques of motivation, role of reinforcement and punishment, motivation and organization reward system, awards, employee empowerment and engagement.

**UNIT III**

Leadership: Meaning, roles, skills, and styles, leadership theories, types of leadership, powerful persuasion strategies.

Group dynamics: Concept, types of groups, dynamics of group formation, decision making in groups.

Organization Development: Concept, emerging approaches and techniques, Foundations of OD, Organizational Diagnosis, OD interventions – An overview, individual and interpersonal interventions, team/group interventions, comprehensive interventions, organizational transformation, success and failure of OD, Planned Organizational change, feedback and OD.

**UNIT IV**

Organizational Conflict: Concepts, causes and types, conflict-resolution strategies.

Organizational change: Concept, forces of change and resistance to change, managing organizational change and diversity, facilitating creative and divergent thinking, planned organizational change.

Stress and Burn Out: Concepts, causes, consequences and coping strategies. Managerial Ethics: Individual ethics, ethical dilemmas in management, Ethical practices of Indian Managers, Corporate ethics.

**Paper code: SWSC-4**

**Paper Title: PREVENTIVE AND SOCIAL MEDICINE AND MEDICAL SOCIAL WORK**

Credit pattern: L:T:P::2:1:0  
Total Credits: 3

**INTRODUCTION**

This course introduces the basic health issues and the application of social work in health setting both in hospital and community.

**OBJECTIVES**

a. Understand the concept and dimensions of health.

b. Understand the issues related to the prevention, clinical features and treatment of major communicable and non-communicable diseases.

c. Trace the historical development of medical social work in India and abroad.

d. Understand the nature of medical social work services.

e. Understand the tenets of National Health Policy of India and modernization of community based health care services.

f. Understand the health care services at different levels.
COURSE CONTENT

UNIT I
Concept of health: Physical, social, mental and spiritual dimensions of health - Positive health - Determinants of health - Health and development - Indicators of health. Concept of Prevention: Levels of prevention - Hygiene, public health, preventive medicine, community health, social medicine, community medicine.

Health Care of the Community; Concept of health care - Levels and principles of health care.

UNIT II
Communicable and Non-communicable Diseases: Leprosy, Tuberculosis, Sexually Transmitted Diseases (STDs), HIV/AIDS. Cancer, Hypertension, Accidents, Diabetes, Blindness, Neurological problems, Mental illnesses.

Maternal and Child Health Services - Immunization – Integrated Child Development Services (ICDS) Scheme - School health programmes.

UNIT III
Medical Social Work: Meaning, Definition and Scope - Historical background and nature: Medical Social Work in India and Abroad - Team work and Multidisciplinary approach in health care; Organization and administration of medical social work departments in hospitals.

Patient as a person and Role of Social Worker: Understanding the patient as a person; Illness behaviour and treatment behaviour of the patient - Impact of illness on the patient and family.

Role of social worker with patients and their families - Rehabilitation.

UNIT IV
National Health Policy of India, Directorate General of Health Services, Indian Council of Medical Research (ICMR), Health as a concurrent subject.

Health System in India - at the Centre, at the State level, at the district level, and village level. Health Education and Communication.

Non-governmental and other Agencies - Ford Foundation, CARE, International Red Cross, Indian Red Cross and others.

INTRODUCTION

Rehabilitation of differently abled people is a noble and worthy endeavor, requiring the combined knowledge of the psycho-social theory and practical skills and techniques of social work. The current paper facilitates social work students to work with the specific group of clientele suffering from various types of disabilities and impart application of specific professional social work methods to cater to the needs of this population.

OBJECTIVES:

a. To understand the concept of handicap, rehabilitation and the scope for practice.

b. To identify the specific client categories requiring the rehabilitation services, problem specificity and rehabilitation service interventions.

c. To acquaint oneself with different rehabilitation settings, different therapeutic approaches to rehabilitation process.

d. To acquire the social work skills adapted to facilitate the process of rehabilitation, the rights and legal provisions provided for differently abled people and assimilate the knowledge of social work practice to disability specific client service.

Course Content

UNIT I

Rehabilitation: Definition and scope for social work interventions; definition of Impairment, Disability, Handicap; causes of Handicap - heredity, acquired, Major illnesses - physical, neurological and psychiatric; Stress, vulnerability, coping and competence to deal with handicaps; Need for comprehensive rehabilitation – psycho-social rehabilitation

UNIT II

History, philosophy and principles of psycho-social rehabilitation; specific problem areas – physical handicap - vision, hearing, orthopedic, speech and language difficulties, mental retardation and others; neurological, psychiatric problems, disasters, alcohol and drug usage, terminal illnesses and any other.

Intervention in rehabilitation: Assessment, planning, intervention, evaluation, tools for assessment, follow-up services.
UNIT III

Rehabilitation Settings: Hospital based, day-care, night-care, quarter-way home, half-way home, group home, hostels, long-stay homes, vocational guidance centre, sheltered workshop, occupational therapy centre, community based rehabilitation centre, home care, inclusive education and others

Approaches: Therapeutic community, behavior modifications, transactional analysis and eclectic approach

UNIT IV

Practice of Social work methods in the process of rehabilitation: Case work, group work, community organisation, research, administration and social action.

International trends and national initiatives in the rehabilitation scenario.

INTRODUCTION

The course introduces the learner as to how policy is a link between Constitutional Principles, Development Plans, Legislative and Executive Actions. The analysis of these processes is to enable utilization of the knowledge to improve social work practice.

Further, it provides a critical and analytical framework to understand key concepts, development processes and current issues, pertaining to different parts of the world, with specific reference to India. This course is expected to provide the social work students with a context for micro-level interventions.

OBJECTIVES

a. Gain knowledge of policy analysis and the policy formulation process.

3. Acquire skills in critical analysis of social policies and development plans.

4. Develop an understanding of social policy in the perspective of national goals as stated in the Constitution, particularly with reference to Fundamental Rights and the Directive Principles of State Policy.

d. Critically understand the concept, content and process of social development.

e. Develop the capacity to identify linkages among social needs, problems, development issues and policies.

f. Locate strategies and skills necessary for social development and reinforce values of social justice, gender justice and equality.
Course Content

UNIT I

Social Policy and Constitution: Concept of social policy, sectoral policies and social services - Relationship between social policy and social development-- Values underlying social policy and planning based on the Constitutional provisions (i.e. the Directive Principles of State Policy and Fundamental Rights) and the Human Rights - Different models of social policy and their applicability to the Indian situation.

UNIT II

Sectoral Social Policies in India: Evolution of social policy in India in a historical perspective- Different sectoral policies and their implementation, e.g. Policies concerning education, health, social welfare, women, children, welfare of backward classes, social security, housing, youth, population and family welfare, environment and ecology, urban and rural development, tribal development and poverty alleviation.

UNIT III

Social Planning: Concept of social planning - Scope of social planning - the popular restricted view as planning for social services and the wider view as inclusive of all sectoral planning to achieve the goals of social development - Indian planning in a historical perspective - The Constitutional position of planning in India. The legal status of the NITI AYOG - Coordination between Centre and State, need for decentralization - Panchayath Raj - people participation.

UNIT IV

Social Development: Concept of social development - Current debates of development - Approaches to development - Development indicators.

Social Development in India: The historical and social context of development in India - Demographic transitions - Rural development: Agrarian and land reforms; Green Revolution - Industrialization and urban development - Labour relations-Gender issues - Environmental issues (land, water, forest) - Education - Health.

INTRODUCTION

This course is to provide awareness about mental health and mental health problems and also application of social work in mental health settings.

OBJECTIVES

a. Understand the concepts 'mental health' and 'mental illness'.

b. Understand the signs and symptoms, etiology, diagnosis and treatment of mental health problems.

c. Understand different services for the care of mentally ill.

d. Understand historical background of psychiatric social work in India and abroad. Understand the nature of psychiatric social work services and relevance of team work.

e. Understand the nature of collaboration with voluntary organisations for the welfare of mentally ill.

f. Identify the issues related to psychiatric social work department in hospitals and community mental health settings.

Course Content

UNIT I

Concept of mental health and mental illness - Mental health as a part of general health - Misconceptions about mental illnesses. General approaches to the mentally ill - International Classification of Mental Disorders.

Signs, symptoms, etiology, diagnosis, prognosis and management of the following:

- Neuroses
- Psychoses
- Psycho physiologic disorders
- Personality disorders
- Psychiatric disturbances in children and adolescents
- Organic psychotic conditions
UNIT II
Introduction to Psychiatric Social Work: Meaning and Scope - Historical background of psychiatric social work in India and abroad - Reasons for its development as a specialty. Application of social work methods and other related techniques used in the field - Multi-disciplinary approach and team work in mental health care - Problems of hospitalization - Impact of mental illness on the patient, family and community.

Practice of Social Work: Importance of home visit and visit to the place of work - Role of family in the treatment of mentally ill - Preparing the family and community for the return of the affected individual, follow-up.

UNIT III
Care of mentally ill: Day-care centre, night-care centre, half-way-home, sheltered workshop, Occupational therapy units - Role of social worker and role of voluntary organisations.

Role of voluntary organisations, governmental-agencies and paraprofessionals in the welfare of mentally ill.

Role of social worker in mental health centers, departments of psychiatry in general hospitals, child guidance clinics, community mental health units, correctional institutions, industries, and family welfare centres.

Role of social worker with head injured, paraplegics and epileptics.

Role of social worker in the management of substance abuse – Educational avenues in psychiatric social work - Research avenue in the field of mental health for social workers.

UNIT IV
Organisation of psychiatric social work department - Functions; and collaboration with other departments.

Community mental health and social work, NMHP, Innovations like Satellite clinics, district mental health programme etc.

Rehabilitation and Acts: Occupational therapy - Principles and practice - Psychosocial rehabilitation.

Mental Health Act, 1987.

Even Semester

**Title: MAJOR PROJECT**

Credit pattern: L:T:P::0:0:4  
Total Credits: 4

Students are given broader guidelines for undertaking empirical evidence-based project in the fourth semester, either independently or by forming a small team comprising of three to four students. In case of group project work, the group will be formed by the college or the university department by adopting random method of selection. The project shall comprise of selection of the topic, methodological details, analysis, interpretation and deductions made. The respective college / the department of the university will prepare the set of guidelines for presenting the report.

Evaluation of the Project will be done along with the viva-voce examination by the viva-voce committee constituted for the assessment of social work practicum or similar committee may be constituted, if required.

Even semester

**Title: SOCIAL WORK PRACTICUM – V**

Credit pattern: L:T:P::0:0:3  
Total Credits: 3

Concurrent practice learning of two-days a week - on going learning of practice is an opportunity to develop intervention skills in reality situations. This entails learning social work practice for two, or two and a half days or its equivalent, each week of the semester. The learners may be placed in agencies or in communities to initiate and participate in direct service delivery.

Practice learning is a vital component of the educational opportunity to be provided to the learner. The teaching-learning process must be designed to help the learner to move on the mastering strategies, skills and techniques to practice social work.
Even semester:

**Title: SOCIAL WORK PRACTICUM – VI: (BLOCK PLACEMENT)**

Credit pattern: L:T:P::0:0:3  
Total Credits: 3

Block Placement - enables learners to integrate learning and generate newer learning by participating in the intervention process over a period of 6 weeks continuously, in a specific agency. Usually, block field work is provided at the end of the two-year programme. There shall be a professionally qualified worker in the setting willing to plan orientation and provide consultation, when needed.

Even semester:

**Paper Title: HUMAN RESOURCE DEVELOPMENT AND EMPLOYEE WELLNESS**

Credit pattern: L:T:P::2:0:0  
Total Credits: 2

**INTRODUCTION**

The purpose of this course is to provide practical exposure and knowledge in behavioural science to develop skills not only to understand and analyse problems but also to develop a problem-solving approach to issues.

**OBJECTIVES**

a. To develop multi facets of the personality and to build self confidence.

b. To develop a spirit of continuous learning and innovation.

c. To strengthen the competency base of individuals, teams and organization and also familiar with the organizational culture.

d. Understand and further the organization culture.

e. To appreciate the importance of bottom-line focus to the Human Resource function and trend toward HR Accountability.

f. To understand the various approaches to and techniques of measuring HR issues.

g. To create awareness of different types of information systems in an organization so as to enable the use of computer resources efficiently, for effective decision-making.
Course Content

UNIT I

**Human Resource Development (HRD):** Concept, origin and needs for HRD; Overview of HRD as a Total system; Approaches to HRD; human capital approach; social psychology approach and poverty alleviation approach; HRD and its dimensions, Competency Mapping.

UNIT II

**HRD Interventions:** Performance Measurement Systems – Fundamental issues. Feedback sessions. Organizational goal setting process, Key Result Area (KRA) and Key Performance Indicator (KPI), Coaching, Mentoring, career planning, career development, reward system, quality of work life. HRIS: - Computers and computer based Information Systems. Measuring HR : Changing role of HR, HR as a strategic partner, the need for measuring HR. Approaches to measuring HR: - Competitive Benchmarking, HR Accounting, HR Auditing, HR Effectiveness Index, HR Key Indicators, HR MBO (Management by Objectives).

Instructional Technology: Learning and HRD; Building Learning Organization: measuring learning – the intellectual capital, architecting a learning organization, Organizational Learning, models and curriculum; factors and principles of learning; group and individual learning; HRD trends; behaviourial sciences; transactional analysis; Concepts of continuous learning, behavior modeling and self-directed learning; evaluating the HRD effort; data gathering; analysis and feedback; HRD experience in Indian organizations; future of HRD - Organization culture and development.

UNIT III

**Talent Development:** Concept and importance; Training Need Analysis, process of training, designing and evaluating training and development programs. Use of information technology, Types and Methods of Training: Training within industry (TWI), External; on the job and off the job; Training methods; lecture, incident process, role play, structured and unstructured discussion, in-basket exercise, simulation, vestibule, training, management games, case study, programmed instruction, team development, and sensitivity training; review of training programs.

UNIT IV

**Employee Wellness:** Concept, philosophy, principles and scope; Importance and relevance of wellness programs, Role of Welfare Officer as per the Factories Act 1948. Relevance - with reference to Accidents, Absenteeism, Alcoholism, Domestic Violence: Preventive and remedial measures.

Employee Counseling. Role of Counselor in Organizations. Corporate Social
Responsibility (CSR): CSR as a business strategy.

Title: CASE STUDIES
Credit pattern: L:T:P::0:0:2 Total Credits: 2

Every Candidate is expected to take up five cases, study them in depth and present the intervention, if any. Case refers to a unit of study – an individual, an institution, a community or an incident. The candidate has to work under the guidance of faculty member and submit the report on or before the date prescribed.

The university or the college concerned can develop guidelines for undertaking case studies. However, the students are encouraged to start his/her work on case studies from the beginning of the course.

Evaluation of the case study will be done along with the viva-voce examination by the viva-voce committee constituted for the assessment of social work practicum or similar committee may be constituted, if required.

Open Elective

Paper Title: DISASTER MANAGEMENT
Credit pattern: L:T:P::3:1:0 Total Credits: 4

INTRODUCTION
The course aims at introducing students to acquire the required knowledge and skills in disaster management.

OBJECTIVES
a. Understand key concepts, theories and approaches of disaster management with specific reference to Indian context
b. Develop skills to analyse factors contributing to disaster
c. Develop an understanding of the process of disaster management
d. Develop an understanding of the social worker’s role in the team for disaster management.

Course Content
UNIT I
Disasters: Concept, types and impact - Famine, floods, cyclones, hurricanes, warfare, earthquake, volcanoes; traditional and modern disaster threats and care factor, classification of disasters; Disaster management - Definition and concept; approaches to
disaster management, importance and relevance of disaster management in the present environmental scenario, cases studies of disaster management.

UNIT II
Disaster and Social Work Intervention: Scope of disaster related intervention, intervention during disaster impact stage, trauma counseling and crisis intervention, post disaster management, damage assessment and long term rehabilitation and reconstruction, networking and co-ordination between government, NGOs, donor agencies, local bodies, police, military etc.

UNIT III
Disaster Prevention and Preparedness: Vulnerability analysis, hazard mapping, community based disaster preparedness programmes, training for CBDP, preparedness for post-disaster emergency response and long term rehabilitation, organization and planning, logistics; resource utilization, specialized skills and training needs; public awareness and education; first-aid training, civil defense training.

UNIT IV
Institutions and Instruments in Disaster Response: international decade for natural disaster reduction and UN resolutions, administration of relief in India - National, state, district and local levels; Disaster related legislations and policies; national and international donor agencies; NGOs, mental health institutions in disaster management and relief.
