Date: 21.9.2024

Title of the Event and name of the venue:

Title: Alumni Interaction Series on 'Adapting to Innovation: Thriving in the Rapidly Changing Tech World'.

Venue: MCA Classroom

Details of the department organizing the event in collaboration with institution:

Department of Studies in Computer Science (MCA).

Purpose and scope of the event:

The objective of this Alumni Interaction Series is to provide insights on how to embrace technological change and develop strategies for success in a fast-evolving digital environment.

It can help students to understand the emerging tech trends and equips them with skills like adaptability and continuous learning, essential for success in future careers.

Details of the event:

The event began with an introduction of Mrs. Nrudhya Murugesh, an alumna of the 2014 batch MCA by Smt. Rachana C R, Associate Prof. & Head. Mrs. Nruthya is currently working as a UI Flutter developer. She started by sharing valuable insights on how to study effectively, emphasizing the importance of working smart over working hard. Mrs. Nruthya also elaborated on the difference between a programmer and a developer, providing an overview of the UI Flutter framework and its applications in the tech industry.

She then delved into the evolution of the tech landscape, highlighting key emerging technologies like AI, cloud computing, blockchain, and IoT, and discussed their profound impact on various industries. Mrs. Nruthya underscored the importance of staying updated and cultivating a continuous learning mindset to remain relevant in a rapidly changing environment. She recommended strategies such as taking online courses, earning certifications, and attending workshops to enhance skills and knowledge.

In addition, she emphasized the significance of mastering problem-solving and critical thinking skills. These abilities are crucial for tackling the increasing complexity and unpredictability of today's tech-driven world. She encouraged students to explore the intersections of technology, which broadens their knowledge and opens up new opportunities for innovation.

Networking and collaboration were also key points Mrs. Nruthya addressed. She advised students to actively build professional connections by engaging with industry peers, attending events, and participating in online communities. Lastly, she emphasized the importance of soft skills like communication and teamwork, hands-on experience, personal branding, and mastering interview techniques, which are vital for standing out and succeeding in the competitive tech industry.

A brief profile of the resource person:

Mrs. Nruthya Murugesh, UI Flutter Developer, Aurinopro Solutions Ltd.

No. of Participants:

50 Students of II semester MCA, 5 members of the teaching faculty and 3 non-teaching members.
