Title of the Event and Name of the Venue

Essay competition on the topic

“Avoiding pesticides in Agriculture”

Venue: DOS in Chemistry

Purpose and scope of the event

- An essay is an important tool for expressing student ideas, opinions and arguments through writing. It is also a great way to demonstrate their knowledge and understanding of a given topic. However, writing the perfect essay is not always easy. It requires careful planning, research and dedication in order to produce an essay that stands out from the rest.
- Researching well before for writing essay is essential if one want to write a quality paper that stands out from the crowd. It can save their time and effort in the long run, as well as give an edge over their peers.
- Researching is not just about gathering information; it is also about understanding the concepts and ideas behind the topic. When researching for a paper, make sure to read up on all relevant topics and take notes along the way.
- Essay writing will help to ensure that they have all the information necessary to write a comprehensive and thoughtful paper. Additionally, it will allow them to develop their own unique perspective on the subject matter and make sure that their argument is well-supported by evidence.
- Writing an essay can be a daunting task but with the right strategies, they can stay focused on the topic and organize student thoughts. To stay focused on the topic, it is important to have a clear understanding of what they are writing about and why. It is also important to have an outline of their points so that they can remain organized throughout the essay.

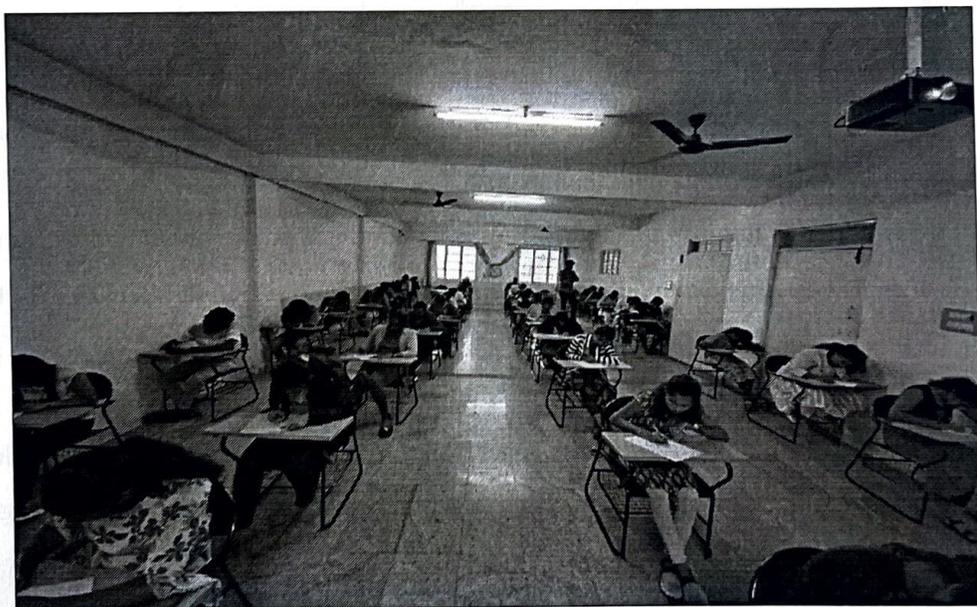

Details on Essay Competition

Essay writing competition was organised by the department of Chemistry on January 10, 2024 from 2 pm to 3 pm on “Avoiding pesticides in Agriculture” under the supervision of Dr. Roopa R. A., Dr. Manasa H. S, Dr. Jagadish K, Mr. Mahendra Kumar H. S. at DOS in Chemistry, PG Centre, Mysuru.

The rules and regulations for Essay Competition were:

- Writing should not have grammatical error as well as overlapping of contents.
- There should be structural coherence
