Title of the Event and name of the venue:

Incubation and Placement Virtual Drive – 2026 By Qspiders/ Jspiders- A Unit Of Test Yantra Software Solutions(I) Pvt Ltd , Bengaluru.

Venue: Online.

Details of the department organizing the event in collaboration with institution:

Department of MCA coordinated with Qspiders/ Jspiders - A Unit Of Test Yantra Software Solutions(I) Pvt Ltd, Bengaluru to conduct the incubation and placement interviews virtually .

Purpose and scope of the event:

The objective of the interview is to identify and select candidates for a full-time internship program that offers specialized training in high-demand domains such as Java Full Stack with React, Python with Data Analytics, Python with Data Science, Data Analysis using Power BI, and DevOps, along with structured placement assistance. The interview aims to assess candidates' technical aptitude, problem-solving ability, learning mindset, and readiness to adapt to industry requirements, ensuring they can effectively benefit from intensive hands-on training and real-world project exposure. Through this process, the program seeks to bridge the gap between academic learning and professional practice, enhance employability skills, and prepare participants for successful careers in the IT industry.

Details of the event:

A virtual Incubation and Placement drive was successfully conducted on 30th January 2026 from 10:30 AM to 5:00 PM for the final year MCA students. The session commenced with a formal welcome delivered by the program coordinator Ms. Soundarya.V, HR Manager. Students were briefed about the agenda of the day, including the pre-placement talk, aptitude test, group discussion, and final interaction.

An overview of the organization, its presence across multiple states, recruitment partnerships, and its track record in training and placements was shared to build confidence among participants. The pre-placement talk covered overview of the IT industry, emerging technologies, detailed explanation of available courses, internship structure, training methodology, live project exposure opportunities and placement assistance process along with package details. An online aptitude test was conducted to evaluate the students with industry readiness and problem-solving skills. Students actively participated, and the process was monitored to maintain transparency and fairness. Shortlisted candidates were divided into virtual breakout rooms for the Group Discussion round. They were evaluated on communication skills, team collaboration, leadership qualities, technical awareness, confidence and clarity of thought.

These interviews provide a platform to students for industry exposure, internship opportunities, structured training guidance, and placement assistance through a completely free internship placement initiative.

A brief profile of the resource person:

Ms. Soundarya.V, HR Manager, Qspiders/ Jspiders A Unit Of Test Yantra Software Solutions(I) Pvt Ltd , Bengaluru.

No. of Participants:

A total of 53 students attended the virtual interview.
